$\underline{\text{MEMO}} - \text{PROPOSED 15}^{\text{TH}} \text{ STREET WIDENING AND ACCESS MANAGEMENT PROJECT}$

(memo accepted as presented) John Rodman, Community & Cultural Services Director BACKGROUND & FINDINGS: The City of Washington Planning Board held their regularly scheduled meeting on Tuesday, August 23, 2016. As part of the agenda the Planning Board held a discussion on the proposed improvements and additions to the 15th Street corridor from John Small Avenue (Hwy 264 E) to Carolina Avenue (Hwy 17 Business). As part of the discussion, a number of landowners and business owners expressed their concerns over the planned changes and the lack of information on the process that was being conducted. They indicated that a number of business owners had not been contacted and were not aware of the proposed changes to 15th Street and some adjacent side streets. The Planning Board unanimously recommended that City Council notify all the adjacent landowners and business owners along 15th Street and conduct a public meeting on the proposed improvements and additions to the 15th Street corridor so that the affected property owners would receive the necessary information.

City Manager, Bobby Roberson explained the recommendation came from the Planning Board as they felt local citizens did not have adequate opportunity to give their input on the proposed NCDOT 15th Street widening project.

Councilmember Mercer stated the plan need to be re-addressed as there's no reason for medians on Hwy. 17 or Hwy. 264. He continued by stating that Council express their concerns to NCDOT and advise them Council is not satisfied with the plan as currently presented. Councilmember Brooks expressed concern with the installation of medians. Mr. Roberson will coordinate a joint meeting with NCDOT and City Council.

MEMO – WATERFRONT DOCKS STORAGE BUILDING

(memo accepted as presented) John Rodman, Community & Cultural Services Director BACKGROUND & FINDINGS: For budget year 16-17 the City Council appropriated \$50,000 in Capital Outlay improvements to the promenade and waterfront docks building. The improvements included cleaning and painting the promenade railings, benches, trash receptacles, and posts in the amount of \$30,000. A new waterfront docks storage building was approved for \$20,000. The promenade improvements will begin at a later date while then proposed storage building construction will begin shortly.

Planning and Development received bids to construct a 12' x 20' storage building for use by the dock attendants at the western end of Stewart Parkway, of which the City terms the "Maritime Quarter". Jeff Woolard Builders submitted the lowest bid at \$16,100.

The proposed wooden storage building will be in the same general area of the previous restroom facilities. There is an existing thirty (30') foot water and sewer easement on the property that made the location of the proposed building a little more challenging. The building will be located off the aforementioned easement. The proposed building was recommended for construction by the Waterfront Docks Advisory Committee, the Historic Preservation Commission and the location of the building was approved by the Division of Water Resources and the Division of Coastal Management with a modification of the existing permit. Attached are copies of the proposed site plan and building elevations. If you have any questions please don't hesitate to let me know.

Mayor Hodges commented the roof should be silver and not red in order to fit in with the other buildings on the waterfront/Festival Park. Councilmember Mercer expressed his concern with the cost of the building. Mr. Roberson advised staff went out for bids for this project.

MEMO – SUBSTANDARD HOUSING ACTIVITIES LIST: 2012-2016

(memo accepted as presented) John Rodman, Community & Cultural Services Director BACKGROUND & FINDINGS: Attached for your information is a list of substandard housing that began in 2012 and has continued thru 2016. This list was compiled by the Department of Planning and Zoning and the Building Inspections Office. The offices began identifying structures that were in need of repair and began to notify property owners of the importance of those repairs. Some property owners began to repair their individual structures and those structures will be removed from the list once completed. Some owners did not respond to the City's request for maintenance on the structures for various reasons and therefore the end result became demolition. The Activities List identifies what funds were used to complete those demolitions. The Activities List also identifies structures that continue to be on our priority list that need further action. The Priority List continues as another handout. If you have questions please don't hesitate to let me know.

APPOINTMENT:

Councilmember Pitt continued this item until September 26th.

OLD BUSINESS:

<u>APPROVE</u> – WATERFRONT DOCK AGREEMENTS/LEASES

BACKGROUND & FINDINGS: These leases have been updated to reflect new information for each water craft and to reflect the same extension period of every one (1) year. The proposed changes are highlighted in yellow and the removal of information is shown by a strike-thru. The documents were reviewed by the City Attorney and the Risk Manager. PREVIOUS LEGISLATIVE ACTION: Recommended for approval by the Waterfront Docks Advisory Committee.

Dot Moate came forward and stated she spoke with the Chairman of the Little Washington Sailing School today and received permission to speak with Council regarding the docking agreement. Her concern is the agreement effective dates of January 1, 2016 – December 31, 2016. She suggested the revised agreement should end December 31, 2017 instead of December 31, 2016.

John Rodman explained staff wanted to make all of the agreements with the same beginning and ending dates. The approval process has taken longer than anticipated and he doesn't have an issue with extending the ending date to December 31, 2017.

By motion of Mayor Pro tem Finnerty, seconded by Councilmember Brooks, Council agreed to change the contract ending dates through December 31, 2017. Motion carried 4-1 with Councilmember Mercer opposing.

By motion of Councilmember Pitt, seconded by Councilmember Brooks, Council adopted the updated Waterfront Dock Agreements for the following vessels; The River Rover, The ECU Research Vessel Riggs, and Seatow IBX and the agreement for the Little Washington Sailing School with the aforementioned approved date ending on December 1, 2017. Motion carried 4-1 with Councilmember Mercer opposing.

NEW BUSINESS:

APPROVE - WHDA'S REQUEST TO SERVE ALCOHOL AT PICKIN' ON THE PAMLICO

Harold Robinson, WHDA presented the following information to Council. BACKGROUND AND FINDINGS: PICKIN' ON THE PAMLICO has been the signature fundraiser event of the Washington Harbor District Alliance since 2006. Funds raised will help to ensure that WHDA (which is a Main Street organization sanctioned by the NC Commerce Department), is able to continue to lend significant support to downtown Washington. The mission of Downtown Washington on the Waterfront, Inc. (DBA Washington Harbor District Alliance) is to serve as a facilitator and catalyst to renew, restore, rebuild, and revitalize the downtown business district, improve economic conditions, encourage tourism, and preserve historical buildings and their significance, promoting downtown as a place to live, shop, work, and be entertained, all within the framework of the "National Main Street Four point Approach." WHDA requests Council approve the serving and consumption of alcohol at Pickin' on the Pamlico. The organization utilizes trained bartenders and has a controlled area where alcohol is to be served. This is a ticketed event with an anticipated crowd of around 400 people. Generally no children attend. A special events permit has been granted through Teresa Hamilton at Washington Parks and Recreation.

By motion of Councilmember Beeman, seconded by Councilmember Brooks, Council approved the request from WHDA to allow for the serving and consumption of alcohol at WHDA's Annual Pickin' on the Pamlico on Saturday, September 24, 2016. Motion carried 4-1 with Councilmember Mercer opposing.

referenced Northwood Road in Smallwood. Frankie Buck explained the paving projects are based on the amount of funding we have. Staff paves the worst areas on the worst streets. Mr. Buck suggested Council send an e-mail of call the City Manager if they have a street that needs paving. Councilmember Mercer stated that we need to work on paving the unpaved streets in the City as well. Councilmember Mercer commended staff on doing a good job in stretching their funds.

By motion of Councilmember Mercer, seconded by Councilmember Beeman, Council awarded a contract in the amount of \$147,969.90 to Garris Grading & Paving for FY 2016-17 Street Improvements & Resurfacing Project and allow staff to negotiate \$47,030.10 in additional street resurfacing and approve the corresponding purchase order.

<u>AUTHORIZE</u> – CHIEF FINANCIAL OFFICER TO EXECUTE THE INVOICE CLOUD AGREEMENT

BACKGROUND AND FINDINGS: In conjunction with the financial and CIS software implementations we will be upgrading our various paperless payment portals for utility and other accounts receivable at a cost comparable to today's.

Councilmember Mercer inquired if this is in addition to or complementing our new software package. Matt Rauschenbach explained this replaces some existing outside services at no additional cost and compliments the new software at no additional cost. We will postpone implementation until the new utility software is installed. Mr. Rauschenbach explained the new financial software hopefully will be installed by January and utilities software by this time next year.

By motion of Councilmember Beeman, seconded by Councilmember Brooks, Council authorized Matt Rauschenbach to execute the necessary documents to execute the Invoice Cloud Agreement.

ANY OTHER BUSINESS FROM THE MAYOR OR OTHER MEMBERS OF COUNCIL:

Mr. Roberson noted that staff prepared the budget in good faith and would rather take this up in budget discussions and have the reduction effect July 1 2017. Councilmember Mercer stated that to cover the rate reduction we could reduce the Electric Fund transfer as well as the Rate Stabilization Fund.
